EMA

We are a student association founded in 2018 by EUR and Codarts conservatory double-degree students. Our goal is to bridge the gap between the university and the world of music.

By organizing live music events, we bring music to the campus. Musicians of all skill levels are allowed to participate. We organize free educational events to improve the musical skills and knowledge of our members, as well as inspire students who are new to the music scene. Besides making music, we organize social events where we hang out with our big musical family.

Finally, we maintain a musician roster for performances. We play anywhere from student association parties to open days. So far, the Erasmus Showband has played at many events such as the Christmas Beer Cantus, in Strasbourg for the European Parliament and in Ahoy Rotterdam for Eureka week.

Nothing is mandatory, and everything is possible! Hopefully we will see you soon at our events or during Eureka week.

EURvision

BRING YOUR LYRICS TO LIFE

EURvision is our yearly songwriting contest organized in May. After a selection and semi-final, 12 finalists are chosen to perform their song in front of an audience of up to 900 people. Professional songwriters help compose the original songs, to be performed with the Erasmus pop Orchestra.

Will you join us on stage?

ESK is a student choir with a history spanning over 20 years. Formed by 40 young girls from diverse nationalities, we come together every Wednesday night under the guidance of our conductor, Robert Verheul. These rehearsals are meant to practice towards our performances, which we have at least twice a year. The performances are not the only things we look forward to. We also organize fun activities to get together and make new friends. Our choir is a perfect place to connect with like-minded people who share a passion for singing! Are you interested in joining us? That's awesome! We will be accepting new members again this year in August/September. We highly encourage you to experience it first-hand by attending one of our open rehearsals. If you like it, you will be warmly welcomed into our choir with open arms!

The Student Orchestra of Rotterdam

Join us on playing wonderful repertoires every season, from the passionate Tchaikovsky to a melodic Dvorak and from the revolutionary Beethoven to the beloved nostalgic Elgar!

Are you a student with a passion for music? And are you by chance interested in becoming a part of a dynamic and talented orchestra? Look no further than the Rotterdams Studenten Orkest (RSO)!

Our orchestra

Our orchestra (the RSO) is a student symphony orchestra in which students from Rotterdam and surroundings come together once a week and rehearse together for two hours for a concert at the end of each season.

As a member of the RSO, you'll gain valuable experience such as how to play in an orchestra, what to expect in concerts, and enhance your musical skills. In our orchestra we encourage you to reach your full potential and most importantly to have fun whilst playing. And of course, get ready to captivate audiences with breathtaking performances! Throughout the year, the RSO stages a series of awe-inspiring concerts, showcasing the talent and dedication of our members. From prestigious concert halls to community events, our orchestra takes music beyond boundaries, touching hearts and leaving a lasting impression. On top of all that, every year we are honored to perform in the Aula of Erasmus University!

The RSO has a broad repertoire ranging from Romantic/Classical to modern. Previously the orchestra played Dvořák, Beethoven, Schumann, Sibelius, Wagner, but also scores from movies and musicals.

And that is all because our orchestra is more than just that; we have workshops, chamber music days, activities on the weekend every now and then and more. That

way we get to know each other better and share a joy of classical music with people of all ages and backgrounds. Every season we have a rehearsal weekend in the Netherlands, and we go on a foreign tour every other year. Our association does not do hazing like other student associations, but we like to have a fun intro day with games, speed dating, food and drinks. In addition, we organize a lot of activities every season, such as open stage, concert visits, drinks, board game evenings, dinners and of course the annual Christmas Gala! After every rehearsal on Tuesday, we visit our favorite pub De Haagse Bluf. In short: RSO is super fun!

Coen Huisman, conductor of the RSO

Coen Huisman has been our conductor at the Rotterdam Student Orchestra since 2013. At an early age, Coen started playing piano and various copper instruments. While studying Math at the University of Leiden, he played in many student orchestras in the region and started to develop an interest in conducting. From 2010 to 2014, Coen studied orchestra conducting at the Codarts Conservatory in Rotterdam with Hans Leenders. Coen finished his study with an impressive performance of Igor Stravinsky's *Pétrouchka*.

Where?How?When?

Sooo, are you ready to take the stage with us? :) We invite all enthusiastic student musicians to audition for the RSO. Showcase your talent, meet fellow music lovers, and be a part of a vibrant musical group. Rehearsals take place regularly in the center of Rotterdam from 19:30 to 22:00 on Tuesdays. And all you need to do is send an email to info@nu-rso.nl that you'd like to come in one Tuesday and we'll make sure you have all the information needed for the rehearsal (such as what we will be rehearsing) and from that you'd be welcomed to audition for the RSO! The auditions take place usually on a timeslot you agree on with the secretary of the orchestra and you just have to bring a piece you're comfortable playing and some parts of the repertoire we're playing for the season.

You are also welcome to our open rehearsals at the start of each season that are announced on our instagram page [@rso_rotterdam](https://www.instagram.com/rso_rotterdam) and then auditions would also be surrounding those same dates!
