# E.S.S.V. Alcedo

The student speed skating, cycling and inline skating association of Rotterdam.

E.S.S.V. Alcedo is the speed skating (ice skating), cycling and inline skating association of Rotterdam. In the winter we have a passion for speed skating and you'll find us on Schaatsbaan Rotterdam. Our trainings are given by experienced trainers at multiple levels, so whether you have been skating your whole life or just starting. Everyone is welcome at our association and our trainers can teach everyone how to skate!

During the summer, we offer even more sports. Apart from cycling twice a week, we also offer inline skating and even dryland practices to maintain and improve our stamina, strength and technique. And what could possibly be better than a nice cycling ride with some apple pie and ice cream on a warm summers day?

Of course we are still a student sport association, so we participate in competitions against other student associations and go on a fun cycling weekend together. We also have a weekly drink after training and organize fun activities, from our yearly members weekend, the 11-bars tour and our legendary Dutch stew evening to just a fun night out!

If you have not been convinced to join us yet, you can always contact us with questions or join one of our trainings!

We offer various types of memberships, including A-membership (member of a team), B-membership (only training sessions), or C-membership (only activities). This way, you can choose what suits you best.

And there's more good news: our first team will be playing in the first class, in the upcoming indoor season!

Currently, our association has around 120 members, and already has four teams competing in different competitions, so even if you're a recreational player, you're more than welcome to join us. The games are on Saturdays, and the training sessions are on Mondays and Wednesdays.

As a member of RSKV Erasmus, you can enjoy not only korfball, but also fun activities, drinks, and tournaments against other korfball student associations. Every month, we travel together to a different student city in the Netherlands to party on Saturday night and play korfball on Sunday. We also organize a monthly drink on the last Thursday of the month, go on a ski trip in winter, and have an RSKV Erasmus weekend in May.

Are you interested and would you like to come train with us? Then come by and discover for yourself all the fun and social opportunities that RSKV Erasmus has to offer!

# ROTTERDAMSE STUDENTEN ZEIL VERENIGING

The Rotterdam Student Sailing Association "De Zeil" is a sailing, but certainly also a social association. We offer the ideal combination between active sailing and a rich student life. We are open every Monday and Thursday from 5 pm for a drink or food. We also offer countless other (sailing) activities.

@RSZVDEZEIL

RSZV.NL

Whether you are a world champion or have never sailed on a boat before, you are welcome! We offer sailing at all levels, on the most beautiful location in Rotterdam. There are beginners instructions, (national and world) competitions, sailing weekends and much more.

Skadi is the student rowing association in Rotterdam. Founded in 1926, the club's rich traditions are complemented by core values rooted in equality and togetherness. Although the backgrounds and interests of our members are very diverse, we take pride in our common values and our heart for Skadi.

Skadi members compete in both national and international regattas. Our rowers compete in the Olympic Games, World Cups, and European Championships. The excellence of our competitive sector grants you the opportunity to develop. However, most students at our association have never rowed before, therefore, almost everyone starts at the same level. Rowing is a sport where you can grow rapidly in a short period of time, if this is a goal you would like to pursue.

Skadi facilitates a multitude of possibilities for all our 800 members. Whether it is developing yourself in one of our many committees or training and competing intensively under supervision of professional coaches; at Skadi there are possibilities for everyone. Skadi membership builds and cements friendships for life.

So, are you, just like us, enthusiastic or curious about rowing? Are you someone who wants to get the most out of your student time? Are you someone who wants to stay fit, but you are also looking for the social aspect of a student association? Do you want to develop skills and make relationships that will last a lifetime? Then Skadi will be the best fit for you!

The theme of this year's Eureka week at Skadi is "Contour". This is because you can form your student time at Skadi. This has a different meaning for everyone. Whether you want to push yourself and achieve great goals, or you just want to get to know a new sport. Whatever you want, you will do it together with a group of other (first year) students at Skadi. In this group, you will find your best friends with whom you will train together, race together, and party together.

For more details, check our website [skadi.nl](http://skadi.nl), or our Instagram [@eurekaweeek.skadi](https://www.instagram.com/eurekaweeek.skadi).
