INTRODUCTION

Erasmus
University
Rotterdam

At the Erasmus University of Rotterdam, every faculty has a faculty association. These associations are connected through the KORF (Koepel Organisatie Rotterdamse Faculteitsverenigingen) or translated as Umbrella Association Faculty Associations Rotterdam. KORF wants to create a broad cooperation between the associations to improve the position of their students. In this way KORF forms a broad front and is able to serve as a voice to the outside world for our students.

In this booklet you can read all about the different faculty associations and how they can add onto your student life.

INTERNATIONAL FACULTY ASSOCIATION ACE

Erasmus School of History, culture and
communication (ESHCC)

02.

International Faculty Association ACE is the Faculty Association of the Erasmus School of History, Culture and Communication (ESHCC). Its main goals are to organise social, career and study related activities for the ESHCC students, broadening the students' perspectives and making them feel at home within our faculty.

The activities ACE organises are historical, cultural and communication/media related, so that they are most appealing to our unique variety of students. These activities may consist of study trips, lectures, excursions, workshops and expositions.

Furthermore, ACE also organises social activities, which gives students not only the opportunity to connect with each other but also with the faculty and third parties. Students who become a member of ACE are eligible to participate in several committees that enable the association to organise these different activities. In doing so it will give them the opportunity to develop their social and professional skills and learn how to work closely within a team. These skills will help the members ACE their future.

CEDO NULLI

Erasmus School of Social and Behavioural Sciences (ESSB)

Cedo Nulli is the study association of the Faculty of Social and Behavioral Sciences (Psychology, Public Administration, Sociology, Management of International Social Challenges and Pedagogical Sciences) at the Erasmus University Rotterdam.

We have over 2900 members and more than 120 active members, organising activities for students as a part of a committee.

At Cedo Nulli we organize many different events, to help you with your study, orientate on your career and most of all make sure you have lots of fun!

There is something for everyone:

- Study sessions before tests, led by students who have already taken that class and can help you prepare for it, all free for members.
- Special freshmen activities to make sure freshmen can find a home in Cedo Nulli.
- Lots of fun trips, like the ski trip, the study trip and our Destination Unknown weekend, where you won't discover the location until the very last moment.
- Sports and activities, like survivalling or surfing at the beach of Rotterdam.
- We offer great career oriented activities and projects like NMUN and the Social Sciences Career Week.
- Lots of awesome parties for the party animals among us. Past parties have been halloween themed or been thrown on a boat!
- Educative and fun excursions and workshops related to your field of study.
- Monthly drinks to chill and mingle with your fellow students.
- And many more awesome events!

We also have committees for those who want to be more actively involved in our association and help organize all these fun events. However if you prefer to be less involved and just join an event on occasion, that is totally fine.

At Cedo Nulli nothing is mandatory, but we love having you at every event!

ECONOMIC FACULTY ASSOCIATION ROTTERDAM (EFR)

Erasmus School of Economics (ESE)

EFR is the largest study association of Europe and with over 7.000 members and 180 committee members, EFR is one of the most active and most professional study associations in the Netherlands. From academic events, to recruitment occasions and social gatherings; we bridge the gap between theory and practice.

Every year, we organise various activities and events for students of Erasmus School of Economics, as well as other students of the Erasmus University. Among other things, we offer the cheapest study books, provide free summaries and organise drinks, parties and trips all over the world. Besides this, we help prepare you for the labour market by organising various recruitment events such as the EFR Master Career Week and the Erasmus Recruitment Days, and by bringing you in touch with your future employer. Furthermore, we help you find your passion by hosting speakers like Mark Rutte, Won Yip and Robert Swaak during the EFR Inspiration Days and the EFR/EenVandaag Election debate. We thus support you in your professional, academic and social development and enhance your student experience!

Do you want to hear more about EFR or become a member? Go to efr.nl or talk to us during the Eureka week!

WIJSGERIGE FACULTEITS- VERENIGING ERA

Erasmus School of Philosophy (ESPhil)

ERA is de faculteitsvereniging van Erasmus School of Philosophy, opgericht in 1986. ERA organiseert activiteiten voor alle mensen verbonden aan de faculteit, dus voor zowel studenten als medewerkers als alumni. Sommige activiteiten richten zich tevens op een breder publiek. Vaste activiteiten zijn de maandelijkse borrels en de kroegcolleges, waarin een interessante spreker vertelt over een thema dat hun bezighoudt. Daarnaast organiseert ERA studiereizen, filmavonden, studie- en carrière gerelateerde activiteiten en overige evenementen. Leden van ERA ontvangen twee keer per jaar het faculteitsblad Twijfel gratis in de bus. Bovendien kun je actief lid worden van de Wijsgerige Faculteitsvereniging ERA door je aan te melden voor een commissie, het bestuur of een andere functie!

FAECTOR

Erasmus School of Economics (ESE)

FAECTOR is the official school association of Erasmus School of Economics and with over 2200 members we are the largest and most prestigious association for students studying econometrics worldwide. We enrich the student experience of all econometricians in the broadest sense of the word. We achieve this through our three pillars: Social, Education and Career.

Through our Social pillar our members form lifelong friendships with their fellow students. From their first steps at university until far into their working life we bring econometricians together. Events like the famous After Exam Drinks, the City Trip, the Ski Trip, sports tournaments and dinners form a bridge between all our students. During our social activities econometrics students have a lot of fun and at the same time build a network. Also after their studies FAECTOR helps econometricians to stay in touch with each other through the FAECTOR Alumni Network.

We broaden and deepen students' knowledge and skills related to the field of econometrics. Our Education portfolio consists of projects like the FAECTOR Research Project, the Excellence Programme and several workshops. With these projects we help students develop themselves and excel during their studies. Furthermore, we provide the cheapest econometrics books on campus for our members.

With our Career pillar we are the stepping stone to the career of our students. At successful events like the Econometric Career Days, the Business Trip, the Financial Markets Tour and Find Your Match many of our students meet their future employer each year. These events connect ambitious students with prestigious companies and form the bridge between student life and career. Furthermore, if you are looking for a (part-time) job make sure to check out the vacancies on our platform econometrie.com.

We organise this broad range of projects each year thanks to over 90 active members who are active in 19 committees and the board. A committee or board year at FAECTOR is the perfect opportunity to develop yourself professionally. You will improve communication, teamwork and organisational skills which will be essential for the rest of your life and career. Besides, by becoming one of our active members you will create friendships that last for a lifetime.

So, are you an econometrics student who wants to make the most of your time as a student? Become a FAECTOR member!

JURIDISCHE FACULTEITS- VERENIGING ROTTERDAM (JFR)

Erasmus School of Law (ESL)

De JFR is dé studievereniging voor rechtenstudenten aan de Erasmus School of Law. Met ruim 4.600 leden is de JFR een van de grootste juridische studieverenigingen van Nederland. Onze studievereniging is er voor jou als rechtenstudent: sinds jaar en dag organiseren wij voor onze leden diverse formele en informele activiteiten die een juridische grondslag hebben. Ons doel is dan ook de brug tussen theorie – gedoceerd in de collegebanken – en de praktijk – beoefend in de ‘echte’ wereld – te verkleinen. Zo organiseert de JFR bijvoorbeeld symposia met bekende sprekers, (buitenlandse) excursies en het grootste juridische studentencongres van de Benelux: de Meesterweek! Ondanks het feit dat de JFR probeert de studie levendig te maken, is er ook veel ruimte voor socializen. De JFR organiseert maandelijks een borrel, waar alle leden gratis een drankje kunnen komen drinken. Daarnaast geeft de JFR elk jaar heerlijke feesten! Naast voorrang bij al die activiteiten, krijg je ook 10% korting op diverse studieboeken en op de wettenbundels. Dit betekent dat je als lid van de JFR sterk bespaart in de kosten voor je studiemateriaal. Tevens biedt de JFR samenvattingen van alle bachelorvakken aan.

**JURIDISCHE
FACULTEITSVERENIGING
ROTTERDAM**

MEDISCHE FACULTEITS VERENIGING ROTTERDAM (MFVR)

Erasmus Medical Center (EMC)

De Medische Faculteits Vereniging Rotterdam is de faculteitsvereniging van en voor studenten aan het Erasmus MC in Rotterdam. De vereniging is opgericht op 10 april 1967 en kent intussen circa 2500 leden. Het hart van de vereniging bestaat uit een acht-koppig bestuur en 300 actieve leden die zich inzetten in vele commissies en de drie disпутen. Als faculteitsvereniging organiseren we elk jaar meer dan 100 activiteiten. De MFVR kenmerkt zich door een grote diversiteit aan activiteiten. Onze missie is om de studenten zoveel mogelijk te verrijken op het gebied van onderwijs en educatie, maar ook het gezelligheidsaspect kan niet achterwege blijven. Dit is terug te zien in verschillende sportactiviteiten, buiten en binnenlandse reisjes, lezingen, symposia, feesten en in onderwijsinspraak in elke jaarlaag. Ook bieden we velen opties om de verschillende carrièremogelijkheden te verkennen. De carrière-evenementen brengen studenten in contact met bedrijven en artsen die hen meer kunnen vertellen over de vele mogelijkheden die studenten hebben als ze afstuderen en hen perspectief te verbreden.

Sinds 2012 heeft het Erasmus MC het nieuwe moderne onderwijscentrum geopend wat een onderdeel is van het gehele nieuwe moderne ziekenhuis. Daarmee heeft de MFVR een prachtig plekje gekregen in het onderwijscentrum vlakbij de glazen deuren met uitzicht op de kunsthall. Ook is hiermee 't Vat geboren, de faculteitsbar voor leden en werknemers van het Erasmus MC.

SHARE FACULTY ASSOCIATION

Erasmus School of Health Policy and Management (ESHPM)

SHARE is the Faculty Association of the study 'Health policy and management' and a few masters at the Erasmus University Rotterdam. Every student from this study is able to become a member of SHARE. The Association is founded in 1983 with the aim to look after the interests of its members. We do this by offering all kinds of information and activities, providing contact between students and between them and the labour market. To achieve this goal, we need enthusiastic members to take place in different committees to organize various activities. Together we organize study-related activities such as a visit to the General Medical Council, a Health Care Debate or a study-trip abroad.

Besides that, we also organize non-study-related activities. For example, (interfaculty) parties, drinks and dinners. All these activities are organized by multiple committees. When you become an active member, you will get to know your fellow students even better and develop yourself in different, professional ways.

STAR

Rotterdam School of Management (RSM)

STAR's mission is to enrich RSM student life. This mission is facilitated by the great number of activities that are organized by numerous Bachelor committees and Master Study Clubs. The Active Members form a base which is underpinned with three pillars: Career start support, Development and Academic Support, Social Interaction.

Career Start Support

The Career Support pillar focuses on providing RSM students with all the career orientation, career preparation and training they need to be successful in the business world. With offline recruitment orientation during the STAR Management week, the Erasmus Recruitment Days, and other separate events organized throughout the year to bring students and companies together. During the whole year, STAR provides online career orientation on the Erasmus Recruitment Platform.

Development and Academic Support

STAR also supports RSM students in their academic endeavours. We offer students access to various study materials such as books, summaries and tutoring. Furthermore, we enable students to develop themselves both personally and professionally by offering trainings in diverse fields and projects like the RSM STAR Case Club and the STAR Erasmus Consulting. We also aim to inspire students through seminars like the Speaker Series and Honorary Discussions and offer Study Trips to destinations all over the world.

Social Interaction

The social pillar of STAR contains all the activities STAR organizes to enrich the social life of its members. Not only do we organize, every year, the Opening Party in September and the closing party of the STAR Management Week in November. We also organize various smaller events like after exam drinks, BBQs, New Years Party and many more! Members are always welcome to join our weekly drinks on Wednesday as well! In this way, we offer RSM students the opportunity to get to know each other.
