

# Opportunities at EFR

Would you like to develop your skills, expand your social and professional network and organise interesting events? Join a part-time committee or Master Study Board at EFR!

## For all students: part-time committees

EFR is one of the biggest and most professional study associations of the Netherlands. We organise events ranging from trips all over the world to the biggest congresses at the Erasmus University. EFR offers you the chance to develop yourself next to your studies via trainings from the EFR academy!

Are you up for this challenge? Apply now via [efr.nl/challenge](https://efr.nl/challenge)! The application deadline is September 15th. If you have any questions, please do not hesitate to contact us via [challenge@efr.nl](mailto:challenge@efr.nl).

## For master students: Master Study Boards (MSB)

EFR has Master Study Boards for various masters, focusing on organising events and contacting relevant companies for the students of their masters. This way, MSB's offer students an opportunity to orientate and develop themselves in their specific field. Joining an MSB at EFR has many benefits because of our large commercial network, our various trainings at EFR academy and our relevant experience in event management.

Interested or looking for more information? Take a look at [efr.nl/msb](https://efr.nl/msb), the application deadline is September 15th.

Become a member by scanning this QR-code or go to [efr.nl](http://efr.nl)!

With over 7.000 members and 180 committee members, EFR is one of the most active and professional study associations of the Netherlands.

From academic events, to recruitment occasions and social gatherings; we bridge the gap between theory and practice.

Every year, we organise various activities and events for all students of Erasmus School of Economics, as well as other students of the Erasmus University. Among other things, we offer the cheapest books, provide free summaries and organise drinks, parties and trips all over the world. We also help prepare you for the labour market by organising various large recruitment events such as the Erasmus Recruitment Days.

**Bridge the gap between theory and practice**

Dear Prospective students of ESHPM,

A new study year, a new year journey is about to start! SHARE is the Faculty Association of the study 'Health Policy and Management' at Erasmus University Rotterdam.

SHARE offers a variety of study and non-study related activities, drinks and trips for all study years, from bachelor to master students.

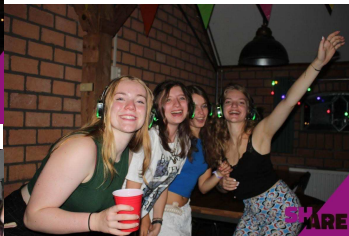

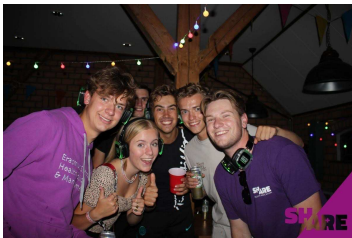

Together we organize study-related activities such as a visit to the General Medical Council, a Health Care Debate or a study-trip abroad. Besides that, we also organize non-studyrelated activities. For example, (interfaculty) parties, drinks and dinners. All these activities are organized by multiple committees. When you become an active member, you will get to know your fellow students even better and develop yourself in different, professional ways.

The journey of your student life does not end after finishing the bachelor. SHARE wants to make sure that bachelor, as well as master students will be able to form these connections and create unforgettable memories. In addition, we organize the Health Business Week: our biggest event where we introduce students to the possibilities of their careers. All of this, organized by our beloved SHARE-members.

We cannot make this journey without you!

Every year Faculty Association SHARE organizes a very exciting freshman weekend for the new students to get to know their fellow students and make friendships that will last for a lifetime. The weekend will be filled with a variety of fun activities, and you will also be provided with breakfast, dinner and accommodation!

This year the freshman weekend will take place from 8 till 10 September. Keep an eye on our Instagram for further information: @facultyassociationshare
